District Governor

Fisherman Leonard Brown was found early Wednesday morning by Belle Glade firemen after he had floated some 18 hours on Lake Okeechobee after his boat developed motor trouble Tuesday morning as he was checking his fish traps.

Deputy Sheriff Bobby Newman said John Atkinson and George Bearden found Brown over 10 miles out where he had drifted after pulling anchor during heavy winds.

Newman said the department first learned of Brown's absence late Tuesday. It was reported to Deputy Lee Wooten of the sheriff's patrol that Brown was overdue from his rounds. He usually came back in about noon or before.

Boats were sent to look and a private plane was in the search. Newman said, before Newman went up and stayed until darkness ended the search.

Brown said he heard and saw the plane late Tuesday but had no way to signal. With Clarence Kidder and his plane, Newman began the search early Wednesday morning and found him when several commercial boats began the search on the water.

Booklet Published
On Migrant Homes

Description of a booklet of the migrant housing unit which has gotten underway by the Florida Hotel and Restaurant Commission, Richard Edgerton, Commissioner, announced this week.

The booklet provides detailed plans and specifications for the construction of four basic types of units—barracks, family units, cafeteria, and trailer and laundry units. Included with each unit is a cost estimate, a list of approximate costs for each type unit. In each case construction costs are kept to a bare minimum, while keeping the standards within commission requirements.

The distribution of the booklet is the second big move made by the commission in recent weeks to combat sub-standard living conditions prevailing in some agricultural areas employing migrant workers.

The commission recently announced the appointment of Benny Fernandes, Tampa, as supervisor of the newly created Migrant Housing Division.
